

Dems Better at Violating Free Speech than Reps

Alex Jones - Victim of Government Censorship

The Demfuck tribe evaded the 1st Amendment by using defamation laws. Alex Jones got dispossessed and screwed.

Sandy Hook families were supposedly defamed by a false claim with malice, so Jones' freedom of speech was violated.

What could go wrong?

Jimmy Kimmel - Victim of Government Censorship

The Reptard tribe could use this same tactic to cancel Kimmel - using civil law to violate freedom of speech.

Charlie Kirks fans were supposedly defamed by a false claim with malice. What a good excuse to violate free speech!

Just like the other tribe!
