

Tranny Freedom Fighters Blow Away 20 ICE Agents

Government pigs have identified the suspects who killed 20 ICE agents and wounded 54 as a group of transgender libertarians who oppose government kidnappings of innocent people. A masked ICE gang spokesman offered racist, placist, and "patriotic" excuses for their string of kidnappings in major US cities. "But they are criminal rapist foreigners!" he asserted in a racist rant. Crowds cheered loudly as ambulances and coroner wagons hauled off the dead and wounded fedgoon kidnappers. No individual suspects have been identified. Onlookers refused to give descriptions, often referring to them as albino midgets.

Good riddance! One more violent bloody bastard down.
